

# Meet Mwende.

The Lifeplus  
foundation

*She likes science and football, and her favorite color is red.*

Mwende has been a student at the Maiani Primary School\* for the past seven years. All this time, she has been carrying water to school every day in addition to her heavy bag laden with books.

“Once the school water project is complete, we won’t have to walk, we will be healthy from drinking clean water, and we will have a way to wash our hands. We are grateful to those who sponsor the water tank being constructed because diseases will go down,” she says.

\*The Maiani Primary School is just one of four schools that will benefit from our fundraising efforts through Party with a Purpose and The Lifeplus Foundation Heart and Soles 5K/10K Fun Run.

You can help Mwende and many like her!

*Together we can make a difference.*

For more information on how you can help provide water for schools, go to [www.lifeplusfoundation.org](http://www.lifeplusfoundation.org)
